Sub: Inclusion in the approved list of
MSRDC of manufacturers of cast steel
Pot-PTFE bearings for supply for
flyovers/bridges under MSRDC

Sir,

With reference to your application and particulars furnished, you are hereby informed that the name of your firm has been included in the approved list of MSRDC of manufacturer POT/PTFE bearings for supply of flyovers/bridges under MSRDC subject to the following conditions.

- i) a) Since the storage of the raw material is of paramount importance, the raw material should be stored in a dark and a cool place having temperature below 30 degC.
- b) The raw material should be used within one year from the date of its production.
- ii) Your firm should furnish the following information by 30th April every year to MSRDC about the supply orders executed by you for different works.
 - a) Name of the client
 - b) Name and location of the bridge
 - c) Date of supply
 - d) Number and sizes of bearings
 - e) Copy of test reports and
 - f) Ex-factory price of unit bearings in each order.
- iii) At the time of each offer for supply following undertaking will have to be furnished by you to the client.

...2

a) "We undertake to use _____ in the
(Name of chloroprene/PTFE)
manufacturing of the bearings and that
the same shall be imported by us directly
from _____
(name of manufacturer)
purchased from _____
Name of agent)
authorised Indian Agent of M/s. _____
(name of manufacturer)"

b) We hereby guarantee against defective materials
manufacture, workmanship as well as certify
quality assurance at every step of manufacturer
of Cast Steel Pot PTFE bearings that may be
supplied by us as per this offer and which shall
be installed at the _____
Name of the bridge
for a period of 15years., under normal loading,
normal traffic and routine maintenance. We also
stand guarantee for the free repair and replacement
(including the cost of placing the new bearings
in position) in part or full, if any defect
is found in the bearings or part thereof within
a period of 36 months from the date of supply or
24 months from the date of installation, whichever
is earlier, except for defects arising out of
theft, pilferage, flood, earthquake or any other
natural calamity etc. over which we have no
control."

c) We also give an undertaking that the entire
manufacturing process shall be open to inspection
by the Agents of the State/UT PWDs or their
authorised representatives and that all possible
help shall be extended in conducting the relevant
tests required as per relevant IRC code and
Ministry of Surface Transport specification.

2. The prequalification is valid upto 31st March 2000.
However failure to comply with the above conditions may
render you liable to be dequalified earlier.

3. Receipt of this letter may please be acknowledged
with an undertaking as para 1 above immediately.

4. It is also brought to your notice that for pre-qualification, from next time onwards, weightage shall be given to the quality and consistency of the bearings produced, variety of testing and manufacturing equipment installed, manufacturing processes adopted, safety precautions undertaken at the work premises and the general environment of the manufacturing unit. The firms, in future, shall be categorised keeping in view the above factors as well.

Thanking you,

Yours faithfully,

D.K. Kanhere
